

## So how do I do this?

### About my bra

- There is virtually no limit to what you can do. Your bra can be simple, complex, serious or whimsical. It is up to you to choose what you want to do and which materials to use. Please do not use perfumed, perishable or dangerous materials.
- All materials must be permanently affixed to the bra (i.e. stitched or glued).
- We suggest all entries use a 36C-40C back-closure bra. All bras must be new. Remember, the larger the cup the more landscape you have to create. We recommend a padded bra to give the most support. Please, no strapless bras.
- Keep in mind, the entire bra will be on display - including; all straps, back, etc. Please incorporate these areas into your design. The bras will be mounted on a mannequin, dress form or hung.
- Please do not sew the bra closed.
- All entries should be tasteful. The committee reserves the right to refuse to accept or display an entry.
- Bras do not need to be on hanger.
